- Dave Smith, VP of Administration at Chugach Electric Association

Anchorage, Alaska

Industry:

Utility

Annual Revenue:

167 Million US\$

Employees:

348

Brainloop Products and Services:

Brainloop Secure Dataroom for financial reporting and Sarbanes-Oxley compliance

Chugach is the largest electric utility in Alaska, providing power for Alaskans through retail, wholesale and economy energy sales. For more information please visit www.chugachelectric.com

Challenges

External auditors of Chugach required that they find a solution that provides the ability to control and track content changes for financial reporting to ensure integrity of spreadsheet data and to ensure that formulas can be verified. Financial reporting process also had to be aligned to reflect Sarbanes-Oxley.

Benefit/Solution

- easy and secure access to financial data for internal employees as well as authorized auditors
- full audit-trail
- business process improvement in finance reporting
- no software installation
- available instantly and anywhere
